IFS – Popham Dambulla Arboretum

As Chairman of the Arboretum Committee, I wrote project proposals to seek funding for educational activities and rehabilitation of the Arboretum. The IFS conducted two Environmental education programs for school children at the Arboretum and reconstruction of the Popham cottage, fencing of the perimeter, and laying out Nature Trails. Funds were also secured for establishment of a plant nursery as a self-sustaining project. A total of Rs. 1,103,520 was secured for the Arboretum.

I was able to undertake these activities through the cooperation provided by Prof. S. Kotagama, University of Colombo and the Secretary and Director of the IFS.
